Matmidot SCHOLARS

Midreshet Lindenbaum provides extraordinary opportunities for acquiring learning and leadership skills, spiritual growth and Israel immersion. The MATMIDOT endeavor is a new initiative enabling select students to take full advantage of Midreshet Lindenbaum's valuable resources and growth opportunities — and to make the absolute most of their year.

MATMIDOT Scholars:

Devote extra hours to Torah learning in the *beit midrash* through participating in a selection of the following enrichment programs:

- **"TORAH SEMINAR"** with Rav Menachem Leibtag: a tour de force of textual analysis and extensive examination of Chumash, with an eye toward religious implications.
- **"DAF YOMI"** with Rabbanit Sally Mayer: a fast-paced opportunity to hone Gemara skills, gain exposure to the world of *halakha*, and discover the rich teachings of Chazal.
- **"TOCHNIT ORA"** – Our unique program provides students with glimpses into the minds of local Torah scholars, intellectuals, leaders and visionaries through learning sessions in their homes.
- **"TOCHNIT TAMAR"** – Integration and learning opportunities with students in our Israeli program.

Research and write a Torah article on a topic of your choice for publication in a Torah journal, under the guidance of a personal faculty advisor.

Embrace the ideal combination of Torah and *chesed* by being actively involved with the Midreshet Darkaynu Program for young women with special needs.

Participate in weekly MATMIDOT leadership meetings, acquiring skills in public speaking, writing, team building, and conflict resolution.
